#034- Mandatory Reporting

POLICY

For Children: According to Wisconsin Statute 48.981(2), Wraparound Milwaukee/REACH/CCS Care Coordinators, FISS Case Managers and O-YEAH Transition Coordinators are considered to be Mandatory Reporters. If the Care Coordinator, Case Manager or Transition Coordinator "has reasonable cause to suspect (*either through observation, child's self report or other parties' report*) that a child seen by the person in the course of professional duties has been abused or neglected or who has reason to believe that a child seen by the person in the course of professional duties has been threatened with abuse or neglect and that abuse or neglect of the child will occur" shall report that immediately to the Division of Milwaukee Child Protective Services (414-220-SAFE) (*see references – Mandated Reporting for Child Abuse & Neglect; WI Statute 48.981(2) Children's Code*).

For Adult At Risk: According to Wisconsin Statute 55.043, Wraparound Milwaukee/REACH/CCS Care Coordinators, FISS Case Managers and O-YEAH Transition Coordinators are considered to be Mandatory Reporters for adult abuse & neglect. An adult at risk is any adult, 18 and older, who has a physical or mental condition that **substantially** impairs his or her ability to care for his or her own needs, and who has experienced, is experiencing, or is at risk of experiencing abuse, neglect, self-neglect, or financial exploitation (*see references- Mandatory Reporting of Elder/Adult At-Risk Abuse & Neglect; WI Statute 55.043*). According to the WI Statute 55.043, reporting occurs when the person has reasonable cause to believe that any of the following situations exist:

- The adult at risk is at imminent risk of serious bodily harm, death, sexual assault, or significant property loss and is unable to make an informed judgment about whether to report the risk.
- An adult at risk other than the subject of the report is at risk of serious bodily harm, death, sexual assault, or significant property loss inflicted by a suspected perpetrator.
- Additionally, mandatory reporters must report if an adult at risk asks them to do so.

The following are some exceptions to reporting according to Wisconsin Statute 55.043:

- If a mandatory reporter believes that filing a report would not be in the best interest of the elder/adult at risk, they do not have to report. However, the reporter must document the reasons for this belief in the elder or adult's case file.
- In addition, a health care provider need not report if he or she provides treatment by spiritual means through prayer for healing in lieu of medical care in accordance with his or her religious tradition and his or her communications with patients are required by his or her religious denomination to be held confidential.
