This Handbook will help you understand how Wraparound Milwaukee works. Please read this over. Your Care Coordinator will be talking with you about this Handbook.

What is Wraparound Milwaukee?

Wraparound Milwaukee offers care and support to families with a child or children who have serious emotional or mental health needs. Wraparound Milwaukee uses a family-centered team approach. Together we look at the strengths and needs of your family. We will work with you to help you identify what your child needs to have a better life. One of the goals is to help families to be independent after Wraparound Milwaukee is no longer involved in their lives.

We will ask you to choose Team members that know your family best. These individuals will be your "Child & Family Team". Your Child & Family Team will also include people such as your Care Coordinator, Child Welfare Worker or Probation Officer, teachers, therapists and other mental health providers. Your Team will meet on a monthly basis.

What is Needed to Take Part in Wraparound Milwaukee?

To participate in the Wraparound Milwaukee program, your child must have a serious emotional or mental health needs and must meet the following criteria:

1. Your child must be diagnosed with a Severe Emotional Disturbance (SED).
2. Your child must be at risk of being placed in a residential care center, an inpatient psychiatric hospital or a correctional facility. If your child is already in a residential care center, it must be decided if your child could return home with the help of Wraparound Milwaukee services.

Wraparound Milwaukee has a Screening Team that will meet with you. They will tell you about the program to see if it can meet the needs of your child and family.

Wraparound Milwaukee's Commitment to Serving You

Listed below are Wraparound Milwaukee's commitment and beliefs in serving your family:

1. Wraparound Milwaukee believes that families know their children best!
2. Wraparound Milwaukee will help you get your child's needs met in your neighborhood, community and surrounding area.
3. Family and community resources such as relatives, neighbors, friends and churches are usually the most helpful.
4. Many different types of services and supports may be needed because children and families come from different cultures and backgrounds.
5. Parents of children with severe emotional needs have a right to learn more about their child's diagnosis and individual needs.
6. Your Wraparound Milwaukee Care Coordinator must make sure that the child and family are the main people putting together their Care Plan.
7. Chances of success are better when ALL of the Team members work together.
8. When children and families are given the help they ask for and need, they can solve many problems.

You & Your Care Coordinator

Local agencies provide Care Coordination services for Wraparound Milwaukee. Wraparound Milwaukee will try to match your child and family to a Care Coordinator that will work best with your family. Your Care Coordinator will call to set up the first meeting to discuss their role and the Wraparound Milwaukee program. This meeting, and all future meetings, should be scheduled at a time and place that works best for you.

Your Care Coordinator is the person who will partner with you to identify your family's and child's strengths and needs. They will ask you to fill out some forms at the beginning and at other times while you are in the program. This will help you to see how much progress your child is making. Next, your Care Coordinator will help you to put together your Child & Family Team. The Child & Family Team will put together what we call a "Plan of Care".

The Team will get together within the first 30 days after enrollment to put together your "Plan of Care".

1. The "Plan of Care" guides you and your Child & Family Team in how all of you together will meet the needs of your enrolled child and support you and your family.
2. The Child & Family Team will then talk about what can be done to help you meet your child's needs. This may be through services that Wraparound Milwaukee will buy from "Providers" in our Provider Network and/or voluntary or free support services available from your family or the community.
3. You will then put the Plan into action. You will be partnering closely with your Care Coordinator and Child & Family Team to see how you are doing on your Plan. Changes to the Plan can be made as often as needed, but must be reviewed and updated **at least** once every three months. **It is very important that you take part in these meetings.** Please ask your Care Coordinator any questions you may have about your Plan of Care.

Wraparound Milwaukee believes that many families can do what is needed for their own children. We want to help families get better in their day-to-day skills. We hope that what you learn about your child and family during this time will be helpful. Our main job is to help you and your family get the support you need now, and to help you plan for help you may need in the future.

Changing Care Coordinators

We realize that there may be a time when a family feels they need to request a new Care Coordinator. Before changing Care Coordinators, Wraparound Milwaukee encourages the Child & Family Team to have a meeting to discuss why they want a new Care Coordinator. If it is decided that a new Care Coordinator would be best, Wraparound Milwaukee will support this request without negative consequences to the child or family or agency. The Child & Family Team will decide when is the best time to make the change.

Who are Our Funding Sources & Resources?

Wraparound Milwaukee receives funds from many different sources. Wraparound Milwaukee uses Providers from different backgrounds and cultures so that we can offer families a choice. Many Providers are neighborhood groups who know best about the needs of their community. We can usually offer services to a child with serious emotional or mental health needs that may not be covered by

your insurance, BadgerCare Plus or Milwaukee County Human Services. Wraparound Milwaukee strongly encourages the use of natural supports found in the community. If Wraparound Milwaukee cannot meet your child's needs through the current Providers or through your natural supports, we will attempt to locate a Provider or person from your community that can.

Confidentiality

All discussions that occur and services that you receive through Wraparound Milwaukee and community Providers are with your consent. We only share information needed to get and follow through with services and to assure quality care. You will be asked to sign Consent Forms at the start of the program. This will let Wraparound Milwaukee share information or get information from past Providers or people who have helped your family. Information about your child and family is confidential, unless your child threatens to harm himself or others, or if there is evidence of or suspicion of abuse or neglect on the part of the family or caregiver. All Providers, by law, must report any abuse or suspected abuse to the Bureau of Milwaukee Child Welfare at (414) 220-SAFE.

Parent & Caregiver Participation

Wraparound Milwaukee welcomes you to become involved in all parts of the program. During and after your enrollment in Wraparound Milwaukee, you are encouraged to join in on different groups, meetings or activities. Some of these groups may include involvement with Families United of Milwaukee, the Wraparound Partnership Council, the Wraparound Quality Assurance Committee or Care Coordinator trainings. Your input is highly valued and very important! If you would like to become involved in helping Wraparound Milwaukee in this way, please call Families United at (414) 344-7777.

Youth Council

Wraparound Milwaukee also has a Youth Council that we encourage your child to become involved in. The goal of the Youth Council is to help youth understand Wraparound Milwaukee and how it can be of help to them, empower youth and direct youth in becoming successful members of their community. The Youth Council meets every month. They plan a number of activities during the year -

some are social events for the youth, fundraisers for charities that the youth select or community service projects.

For more information about the Youth Council and how to get involved, call our Youth Council Advisor/Peer Specialist Rebecca Sommerfield at 977-4299 (office) or 810-7723 (cell), or email her at rsommerfield@stcharlesinc.org.

Family Advocacy

Family Advocacy is a very important part of the Wraparound Milwaukee program. Families United of Milwaukee, Inc., is the group that provides advocacy and other support services for Wraparound Milwaukee. Families United is a chapter of the Federation of Families for Children's Mental Health. This chapter is made up of parents and caregivers working in partnership with Wraparound and other County-run programs in the system of care to make sure that children and families are receiving the best care possible.

Families United is made up of families that are now in Wraparound Milwaukee or used to be in Wraparound Milwaukee. These are families with children who have special needs. What really makes them "united" is their personal commitment to help empower families to advocate for themselves.

If you would like, staff from Families United can also attend Plan of Care meetings or Court Hearings with your family. They also offer a number of family activities and parent seminars every year. For more information, call Margaret Jefferson, Director of Families United, at (414) 344-7777.

Special Education

Families United also has Special Education Liaisons who can help you work with your child's school district to get needed services for your child and to assist in the Individual Education Plan (IEP) process. For more information, call Chris Shafer, Special Education Liaison, at (414) 257-6799.

Family Satisfaction

In addition to the forms that your Care Coordinator will ask you to fill out, Families United and Wraparound Milwaukee will be asking you to complete Satisfaction Surveys. The results of the surveys will help Wraparound Milwaukee make improvements in the care we provide. Wraparound Milwaukee wants you to receive the best care possible while your child is in the program. If you wish, you have the right to refuse to complete the surveys.

BadgerCare Plus, Private Health Insurance or No Insurance

1. **BadgerCare Plus** - if your child currently receives Medicaid from any source, such as Medicaid SSI, BadgerCare Plus, W2, etc.:
 - a. If you choose to enroll your child in Wraparound Milwaukee, the program will provide **mental health and alcohol and drug related services, including inpatient psychiatric care.**
 - b. You will continue to use your child's blue Forward Health ID Card to get any **medical or dental services** like you have in the past (*such as prescriptions, medical emergencies, medical doctor appointments, dental appointments, etc.*). Wraparound Milwaukee's BadgerCare Plus funding covers the identified child only. If you have a Forward Health ID Card, you and your other children's mental health needs will continue to be reimbursed by using that card.
 - c. If your child is enrolled in a BadgerCare Plus HMO, they will be disenrolled from the HMO upon enrollment in the Wraparound Milwaukee program.
2. **Private Health Insurance** - if you child currently has Private Health Insurance:
 - a. Please bring a copy of your private health insurance card to your Care Coordinator. Wraparound Milwaukee will work with the insurance company for any services they cover.
 - b. If you have private insurance and your child is placed out of the home, for example - in residential care, in a group home, shelter care facility or foster care, your child will become eligible for BadgerCare Plus during their placement.

Note: Although your child may become eligible for BadgerCare Plus while living outside of the home, your private health insurance is still the primary insurer.
3. **No Insurance** - if your child currently has NO insurance:
 - a. Wraparound Milwaukee and your Care Coordinator will work with your family to see if you qualify for any type of BadgerCare Plus services.
 - b. If you have no insurance and your child is placed out of the home, for example - in residential care, in a group home, shelter care facility or foster care, your child will become eligible for BadgerCare Plus during their time in placement.
4. Youth enrolled in Wraparound Milwaukee who receive services through the Wraparound Milwaukee Provider Network will have no co-pay or out-of-home costs. If you receive a bill or are charged for a co-pay when you shouldn't be, contact Wraparound Milwaukee.

5. You may choose to disenroll your child at any time from the Wraparound Milwaukee program and receive services from a BadgerCare Plus HMO or through Medicaid fee-for-service. The Wraparound Milwaukee Fiscal Office at (414) 257-7597 can explain this process to you.

HealthCheck

At your request, your Care Coordinator can help you schedule a HealthCheck exam with a doctor. HealthCheck is a preventive health check-up program for anyone under the age of 21, who is currently eligible for Wisconsin Medicaid or BadgerCare Plus. HealthCheck teaches you and your child how to prevent illness and can also find health problems early before they become serious. A HealthCheck exam may also make you eligible for some services not normally paid for. HealthCheck will help you make an appointment for any follow-up care or treatment. HealthCheck can also help you find a doctor or dentist if you need one.

A HealthCheck covers:

- Head to Toe Physical Exam.
- Immunizations (shots).
- Lab Tests.
- Eye Exam.
- Growth and Development Check.
- Hearing Check.
- Mouth/Dental Exam.
- Nutrition Check (eating habits).
- Health Information.
- Others Checks You Need.

How do I get HealthCheck?

- Step 1:** Call toll free 1-800-722-2295 to find your nearest HealthCheck provider. If you are enrolled in an HMO, call them for information on HealthCheck.
- Step 2:** Make the HealthCheck appointment and go!
- Step 3:** Follow the advice of your HealthCheck doctor, nurse or dentist and go to any follow-up care appointments.
- Step 4:** Stay healthy; plan to go to all future HealthCheck exams.

Call Toll Free 1-800-722-2295 if you have any questions or problems with HealthCheck.

Emergency Mental Health Care

(for Situations that are Life Threatening)

If you need **emergency mental health services** and a Wraparound Milwaukee Provider is not available, please follow these steps:

1. You may get treatment from a non-network Provider **only** if the mental health emergency is **life threatening if psychiatric treatment is not provided immediately**. The person or agency providing the service must call the Wraparound Milwaukee Mobile Urgent Treatment Team (MUTT) Office at (414) 257-7621, as soon as possible.
2. If there are no risks of permanent damage to your child's health, the person or agency must call the Wraparound Milwaukee Mobile Urgent Treatment Team (MUTT) Office at (414) 257-7621, **before** providing services to your child.

In Case of an Emotional or Behavioral Crisis

Crises are common for children with many needs. You and your Team will create a 24-hour Reactive Crisis Plan. The Reactive Crisis Plan, with your permission, will often include the Wraparound Milwaukee Mobile Urgent Treatment Team (MUTT). The Reactive Crisis Plan will help you and all those involved with your child to know what to do if there is a crisis. **Please follow the Reactive Crisis Plan that your Child & Family Team has established.**

How Can I Get Help with an Emergency or Crisis?

You can call MUTT at (414) 257-7621 - Anytime!

Right to a Second Opinion

Members in the Wraparound Milwaukee program have the right to a second opinion from a qualified Wraparound Provider Network Provider. If a qualified Provider is not available in the Network, arrangements will be made for a second opinion outside of the Network, at no charge to you.

Complaints and Grievances

Wraparound Milwaukee wants to make sure that your family receives the best care possible. If you are unhappy with the care you are receiving, we ask that you follow these steps:

1. Let your Care Coordinator know what you are not happy with, so that he or she can try to help you work it out.
2. If you are not comfortable telling your Care Coordinator about your concerns, you may call the Family Advocate (*see page 8*) or the Care Coordinator's Supervisor.  - a. If you **were not** receiving the service **prior** to the reduction/denial, Wraparound Milwaukee does not have to provide the service while the Complaint/Grievance is in process.
 - b. If you **were** receiving the service **prior** to the Complaint/Grievance, then Wraparound Milwaukee will continue to provide the same level of service while the Complaint/Grievance is in process. However, Wraparound Milwaukee may require you to receive the service from within our Provider Network (*if you are not doing so already*).

- c. If the Wraparound Milwaukee decision does not change, you may be responsible for paying for the services you received during the Grievance process.
